## ABOUT US

*Luxury Briefing* is a monthly publication written for those involved in selling to the top level of customers. Launched in 1996, it aims to keep subscribers informed about what is happening across the international luxury marketplace.

As you will see from this *Index*, we have carried interviews with many of the key individuals, have examined numerous topics relating to the marketing of luxury products, and have covered a wide variety of companies in the years since we started. The sample list of our international subscribers (which includes most of the leading luxury companies) gives an idea of the breadth of readership – the subscriber is generally at the Chairman/CEO level.

We hold various events during the year. On 19th November 2009 in London we will be holding our 15th *Luxury Briefing Conference*. These events are very popular and are always a sell-out. We also hold the annual *Luxury Briefing Awards of Excellence* each autumn,

“Our independence is key to our role at the centre of the luxury industry”

which, since they started in 1997, have recognised numerous companies and individuals across the industry.

Since it launched, *Luxury Briefing* has only been available by subscription and has carried no advertising – our independence is key to our role at the centre of the luxury industry. If you don't already receive a regular copy, we hope you might like to join us.
